KidStart Literacy is a school-readiness program designed for children ages 4 or 5, before they enter kindergarten. Taught by a certified early childhood educator, the program caters to various learning styles through a variety of engaging activities including music, dance, movement, literacy games, hands-on experiences, and traditional seat work. The award-winning *Handwriting Without Tears* Preschool program is used to develop skills such as letter and number recognition and formation, counting, drawing, shapes, and colours. This dynamic class taps into the natural curiosity of young learners while teaching the essential foundations for their next step in education.

**JCC Preschool programs qualify for the Government of Alberta Affordability Grant, providing eligible participants with a \$100/month reduction in their fees. Please note that JCC Childcare participants will not receive an additional fee reduction, as the grant applies to only one licensed program. Childcare families already receive the reduced amount in their monthly payments.*

Registrants who currently attend JCC Childcare will be escorted to and from their registered class for program times.

JCC preschool programs follow the CBE Instructional Calendar, and are also closed on select Jewish Holidays.
